

PVA 5050 Camera and loudspeaker holder

With the Vogel's PVA 5050 a video conferencing camera and/or a loudspeaker can be mounted on any Connect-it interface bar. Therefore PVA 5050 can be used for any Connect-it floor, ceiling or wall solution. For example, the PVA 5050 is suitable for all Vogel's video conferencing furniture and Connect-it floorstands and trolleys.

Width (mm)	280
Min. screen size (inch)	40"
Max. screen size (inch)	55"

PVA 5050 Camera and loudspeaker holder

The camera or loudspeaker can be positioned above or below the display. Use 2 x PVA 5050 to mount both a camera and a loudspeaker. This holder can also be positioned off-center, making it a very flexible solution. For example, when using two displays it can be positioned above and/or below the left or right display, or in the centre.

The PVA 5050 can be used for displays from 40 to 55 inch. For bigger displays we advise to use the PVA 5070.
